Oracle University's Digital Learning

Training On Demand

Training delivered via streaming video, available for 90 days after purchase. You don't have to wait for a class to be scheduled so can start straight away. There are no travel costs. You can follow the course whenever you want to, as many times as you want to and at your own speed. You can pause, return to an earlier section to repeat, jump ahead to a topic of particular interest and search for content by keyword. The lab environment is available via a reservation system. There is a Q&A feature with trainers.

Live Virtual Training

This is same training as traditional training but via an Internet classroom. It has all the benefits of interactive learning, but without travel time and associated costs.

A Live Virtual Class can also be delivered as a **Private Event** with colleagues from the same company but with different locations attending the same course.

Learning Credits

Metar can sell you Oracle University **Learning Credits** to assist education decision makers in managing current and future Oracle training needs. Learning Credits allow you to purchase training in advance, without having to initially identify courses or designate who needs the training. Learning Credits are purchased in bulk and are valid for one year. They are deducted as payment whenever staff registers for a Live Virtual Class or purchases a Training On Demand course. They can also be used for private events, other learning methods and for certification exam vouchers.
